MESSAGES FROM THE SENATE

A message from the Senate by Mr. Fernandes, Secretary:

Mr. Speaker—I am directed to inform the House of Representatives that the Senate has adopted the following preamble and joint resolution, in the adoption of which I am instructed to ask the concurrence of the House of Representatives, to-wit:

SENATE JOINT RESOLUTION No. 33

WHEREAS, The use of the Illinois-Mississippi Canal and Lake Sinnissippi has been abandoned as a commercial waterway by the federal government for more than six years and during that time the canal has been allowed to deteriorate so that it presently is a menace to surrounding farmland; and

WHEREAS, The Department of Conservation of the State of Illinois was authorized by the Sixty-Ninth General Assembly to accept title from the federal government to the area comprising the Illinois-Mississippi Canal and Lake Sinnissippi for the purpose of maintaining and operating the area as a State park, such authorization being created in "An Act in relation to the acquisition of the Illinois and Mississippi Canal and the use and administration thereof as a State Park"; and

WHEREAS, Proposed federal legislation enabling the United States Corps of Engineers to rehabilitate the area and authorizing the transfer of title to the area after such rehabilitation to the State of Illinois is now included as one of several items in the so-called Public Works Omnibus Bill (S.497); and

WHEREAS, Several aspects to the Public Works Omnibus Bill not relating to the Illinois-Mississippi Canal and Lake Sinnissippi project are opposed by the National Administration; and

WHEREAS, The result of opposition by the administration may be a veto of the Public Works Omnibus Bill which will cause the loss of the area to the State of Illinois; and

WHEREAS, Several members of Congress from Illinois have introduced bills which provide for the rehabilitation of the Illinois-Mississippi Canal and Lake Sinnissippi and the conveyance thereof to the State of Illinois independent from other projects, some of which independent bills are S.134, H.87 and H.784, and there is likelihood of such an independent bill receiving approval from Congress and the administration; and

WHEREAS, If the area is not rehabilitated by the United States Corps of Engineers and then conveyed to this State for maintenance and operation as a State park, there will be an immeasurable loss of recreational facilities to the people of this State; therefore, be it

Resolved, By the Senate of the Seventieth General Assembly of the State of Illinois, the House of Representatives concurring herein, that Congress is respectfully requested to pass a bill dealing solely with the Illinois-Mississippi Canal and Lake Sinnissippi project, such bill to include the following: (1) an appropriation of \$2,000,000 for the rehabilitation of the area as outlined in Conversion Plan 2 of the Rock Island District of the United States Army Corps of Engineers; (2) transfer of title to the area to the Department of Conservation of the State of Illinois; and be it further

Resolved, That a suitable copy of this resolution be forwarded by the Secretary of State to the following: the President of the United States Senate; the Speaker of the United States House of Representatives; Honorable Fred Seaton, Secretary of the Interior; and each member of Congress from the State of Illinois.

HOUSE RESOLUTION No. 71

WHEREAS, Joseph E. Ragen has served with distinction as warden of the Southern Illinois Penitentiary at Menard, Illinois, in 1933 and 1934 and as warden of the dual maximum security prisons, known as Stateville-Joliet penitentiaries near Joliet, Illinois, since October, 1935, except for a brief interval; and

WHEREAS, Warden Ragen, when he assumed the duties as chief administrator of the Stateville-Joliet prisons, was confronted with a critical situation marked by lax discipline and dissatisfaction among inmates, many of whom were armed with dangerous weapons; and

WHEREAS, Warden Ragen, by the conscientious application of courage, intelligence, principle and tenacity, remolded the two prisons into disciplined and secure institutions, with administration based on impartial justice and firm rules; and

WHEREAS, By his fairness Warden Ragen has gained the respect of inmates and guards in the two prisons; and

WHEREAS, More than 82,000 inmates have been incarcerated in the Joliet prison since it was opened in 1858, including 35,000 who served time under Warden Ragen's administration, 95 per cent of whom were eventually discharged or released on parole; and

WHEREAS, Warden Ragen has aided many of these inmates to reform and rehabilitate themselves by instituting church and religious services for all denominations, as well as general education classes and a varied and expanded program of trade and vocational facilities to prepare them for return to a new life and place in society; and

WHEREAS, Warden Ragen has earned the high esteem and regard of other State officials as a penologist of note, has been called in as a consultant on prison administration and the aversion of prison riots by eighteen states in the nation, and has addressed the Parliament of the Dominion of Canada as a recognized authority on prison problems; and

Section 6. Jurisdiction

The Supreme Court may exercise original jurisdiction in cases relating to the revenue, mandamus, prohibition and habeas corpus, such original jurisdiction as may be necessary to the complete determination of any cause on review, and only appellate jurisdiction in all other cases.

Appeals from the final judgments of Circuit Courts shall lie directly to the Supreme Court as a matter of right only (a) in cases involving a question arising under the Federal or State Constitution, and (b) from sentences in capital cases. The Supreme Court has exclusive authority to provide by rule for appeal in other cases from the Circuit Courts directly to the Supreme Court.

Appeals from the Appellate Court shall lie to the Supreme Court as a matter of right only in cases in which a question under the Federal or State Constitution arises for the first time in and as a result of the action of the Appellate Court, and subject to rules, by leave of the Supreme Court in other cases.

APPELLATE COURT

Section 7. Organization

The Appellate Court shall be organized in the three judicial districts. Until otherwise provided by law, the Court shall consist of twenty judges, twelve of whom shall be elected from the First Judicial District and four each from the Second and Third Judicial Districts. Judges of the Appellate Court shall be elected for an initial term of six years. There shall be such number of divisions, of not less than three judges each, as the Supreme Court shall prescribe. Assignments to divisions shall be made by the Supreme Court. The majority of a division shall constitute a quorum and the concurrence of a majority of the division shall be necessary to a decision of the Appellate Court. There shall be at least one division in each district and each division shall sit at times and places within its district, as prescribed by rules of the Supreme Court.

Section 8. Jurisdiction

In all cases other than those appealable directly to the Supreme Court, appeals from final judgments of a Circuit Court lie as a matter of right to the Appellate Court in the district in which the Circuit Court is located. The Supreme Court shall provide by rule for expeditious and inexpensive appeals. The Appellate Court may exercise such original jurisdiction as may be necessary to the complete determination of any cause on review. The Supreme Court has authority to provide by rule for appeals to the Appellate Court from other than final judgments of the Circuit Court.

The Appellate Court shall have such powers of direct review of administrative action as may be provided by law.

CIRCUIT COURTS

Section 9. Judicial Circuits

The State shall be divided into judicial circuits each consisting of one or more counties. The county of Cook shall constitute a judicial circuit and the other judicial circuits shall be as established from time to time by law. Any judicial circuit composed of more than one county shall be compact and of contiguous counties.

There shall be one circuit court for each judicial circuit which shall have such number of circuit and associate judges as may be prescribed by law, and such number of magistrates as may be prescribed by the Supreme Court. Circuit judges and associate judges shall be elected for an initial term of six years. Magistrates shall be appointed by and serve at the pleasure of the circuit judges. In Cook County, the city of Chicago and the area outside the city of Chicago shall each be separate units for the election of associate judges. There shall be at least one associate judge from each county. There shall be no masters in chancery or other fee officers in the judicial system.

The judges of each Circuit Court shall select one of their number to serve as chief Judge for a term of three years; the chief judge may be selected to succeed himself. Subject to the authority of the Supreme Court, the chief judge shall have such administrative authority as may be vested in him by the circuit judges, and the circuit judges may provide for divisions, general or specialized, and for appropriate times and places of holding court. The Supreme Court by rule may limit or define the matters to be assigned to magistrates.

Upon application of any county, the Circuit Court may by order designate such number of special magistrates as the Court deems necessary in such county, to serve at its pleasure, with power to take such emergency action in civil or criminal cases as the Supreme Court may by rule prescribe. Special magistrates shall not be subject to the provisions of Sections 14, 15 and 16 of this Article. Their compensation, if any, shall be fixed and paid by the county.

Section 10. Jurisdiction

The Circuit Courts shall have unlimited original jurisdiction in all justiciable matters, and with respect to administrative actions, such powers including power of review as may be provided by law.

ELECTION AND TENURE OF JUDGES

Section 11. Vacancy

Whenever a vacancy occurs in the office of a judge, whether by death, resignation, removal, retirement, or failure to be retained in office pursuant to Section 12A of this Article VI, it shall be filled by election at the next general election. Whenever the Supreme Court determines that the continuation of a vacancy in the office of judge until the next general election will cause serious inconvenience in the administration of justice, the vacancy shall be filled for such interim period in the manner provided by law.

Section 12. Election and Selection

The General Assembly shall provide by law for the nomination and election, or selection of all judges herein provided for, but no law establishing a method of selecting judges, shall be adopted or amended except by a vote of two-thirds of the members elected to each House, nor shall any method of selecting judges become law until the question of the method of selection be first submitted to the electors at the next general election. If a majority of those voting upon the question shall favor the method of selection as submitted it shall then become law.

Section 12A. Tenure

Not less than six months prior to the general election next preceding the expiration of his term of office, any judge who has once been elected or selected after July 1, 1960, may file in the office of the Secretary of State a declaration of candidacy to succeed himself and the Secretary of State, within the time prescribed by law, shall certify his candidacy to the proper election officials. At the election the name of each judge who has filed such a declaration shall be submitted to the voters, on a special judicial ballot without party designation, on the sole question of whether he shall be retained in office.

The elections shall be conducted in the appropriate districts and circuits; provided that the election for an associate judge of the Circuit Court shall be conducted in the county or unit of his residence. If a majority of the electors voting on the question vote to retain the judge in office, he shall thereby be elected for the full term of the office commencing January first after the election. If an incumbent has not filed a declaration within the time prescribed, the election of his successor shall proceed in anticipation of the vacancy. If an incumbent, having filed, fails of election, his office shall become vacant at the expiration of his term.

As used in this Article, the term "general election" means the biennial election at which members of the General Assembly are elected.

Section 13. Terms of Office

The term of office of judges of the Supreme and Appellate Courts elected to succeed themselves shall be twelve years and of circuit and associate judges of the Circuit Courts six years.

Section 14. Eligibility for Office

No person shall be eligible for the office of judge or magistrate unless he shall be a citizen of this State and a member of its bar.

GENERAL

Section 15. Prohibited Activities

Compensation for service in the State Militia or the armed forces of the United States for such periods of time as may be determined by rule of the Supreme Court shall not be deemed "profit".

Section 16. Judicial Salaries and Expenses

Judges and magistrates shall receive for their services salaries provided by law. The salaries of judges shall not be increased or diminished during their respective terms of office. Judicial officers may be paid such actual and necessary expenses as may be provided by law. All salaries and expenses shall be paid by the State, except that circuit and associate judges and magistrates in Cook County shall receive such additional compensation from the county as may be provided by law.

Section 17. Retirement, Suspension and Removal

Notwithstanding the provisions of this Article relating to terms of office,

- (a) the General Assembly may provided by law for the retirement of judges automatically at a prescribed age;
- (b) subject to rules of procedure to be established by the Supreme Court and after notice and hearing any judge may be retired for disability

or suspended without pay or removed for cause by a commission composed of one judge of the Supreme Court selected by that court, two judges of the Appellate Court selected by that court, and two circuit judges selected by the Supreme Court. Such commission shall be convened by the Chief Justice upon order of the Supreme Court or at the request of the Senate.

Any retired judge may, with his consent, be assigned by the Supreme Court to judicial service, and while so serving shall receive the compensation applicable to such service in lieu of retirement benefits, if any.

Section 18. Judicial Conference

The Supreme Court shall provide by rule for and shall convene an annual judicial conference to consider the business of the several courts and to suggest improvements in the administration of justice, and shall report thereon in writing to the General Assembly not later than January thirty-first in each legislative year.

Section 19. Clerks of Courts

The General Assembly shall provide by law for the election or appointment, terms of office, vacancies, removal for cause and salaries of clerks and other non-judicial officers of the various courts.

MESSAGES FROM THE SENATE

A message from the Senate by Mr. Fernandes, Secretary:

Mr. Speaker—I am directed to inform the House of Representatives that the Senate has adopted the following preamble and joint resolution, in the adoption

of which I am instructed to ask the concurrence of the House of Representatives, to-wit:

SENATE JOINT RESOLUTION No. 22

WHEREAS, The members of our armed forces serving abroad, their civilian components and the dependents of each, are now subject to the criminal jurisdiction of more than fifty countries in which they may be on duty, by reason of the NATO Status of Forces Treaty, the Administrative Agreement with Japan, and Executive Agreements with other nations; and

WHEREAS, These agreements penalize our servicemen for foreign service by depriving them of many of the rights granted by our Constitution, which they are sworn to defend; and

WHEREAS, It is impossible for any serviceman accused of transgression in a foreign country to receive a fair and impartial trial because of the varying systems of jurisprudence which make it impossible for him to receive the protection of all of the rights and guarantees which our Constitution gives to every citizen and because of the prejudice and animosity sometimes existing against members of our armed forces; and

WHEREAS, Legislation has been introduced in both the Senate and the House of Representatives of the United States to direct the President to seek a modification of all such agreements so that the United States may regain exclusive jurisdiction over the members of its armed forces for all purposes, or if such a modification is refused, then to terminate or denounce the agreements according to the terms of each; therefore, be it

Resolved, By the Senate of the Seventieth General Assembly of the State of Illinois, the House concurring herein, that the members of this General Assembly deplore the arrangements now existing which make service in our armed forces abroad a hazard by depriving our servicemen, their civilian components and dependents of each, of the rights and guarantees of our Constitution when they are stationed in other lands; that it is the sentiment of this General Assembly that all United States service personnel stationed abroad should be tried by United States military tribunals under the Uniform Code of Military Justice for any offense committed on foreign soil; and be it further

Resolved, That we respectfully request and urge the President of the United States, by negotiation, and the Senate and House of Representatives of the United States, by enacting the legislation now pending or similar legislation directing such negotiation, to secure a modification or denunciation of the provisions of the NATO Status of Forces Treaty and all other agreements which surrender to foreign nations criminal jurisdiction over the United States armed forces, their civilian components and the dependents of each; and be it further

Resolved, That a suitable copy of this preamble and resolution be forwarded by the Secretary of State to the President of the United States and to the members of the United States Senate and House of Representatives from Illinois.

Adopted by the Senate, May 1, 1957.

EDWARD E. FERNANDES, *Secretary of the Senate.*

The foregoing message from the Senate, reporting Senate Joint Resolution No. 22, was ordered to lie on the Speaker's table.

A message from the Senate by Mr. Fernandes, Secretary:

Mr. Speaker—I am directed to inform the House of Representatives that the Senate has adopted the following Senate joint resolution, in the adoption of which I am instructed to ask the concurrence of the House of Representatives, to-wit:

SENATE JOINT RESOLUTION NO. 23

WHEREAS, The ever increasing expenditures of the federal and state governments with consequent increasing tax burdens is a cause for grave concern to the people of this State and nation; and

WHEREAS, Much of the financial burden of the taxpayer is the result of federal grant in aid programs through which a state, by furnishing a sum of money to the federal government, receives an equal or larger sum from the federal government to finance and conduct certain programs; and

WHEREAS, At first glance such an undertaking seems to be a highly desirable venture since it appears that the state is actually receiving something for nothing; and

WHEREAS, This idea of getting something for nothing is as deceiving as the pea used in the old shell game, because the money which the state receives from the federal government is actually the money which the taxpayers have already paid into the federal treasury in the form of taxes; and

WHEREAS, In transferring the taxpayers money from one pocket to another, which occurs when a state accepts a federal grant in aid, an appreciable amount of the money is lost due to the expense of bureaucratic administration and overhead in effecting the transfer, with the result that the taxpayer, instead of reaping a benefit from the federal grant, is actually receiving less than he has already paid into the federal treasury; and

WHEREAS, In further deflating the "something for nothing" bubble, the taxpayer finds that in addition to the initial loss sustained in accepting the grant in aid, he must further pay the excessive cost of the program due to unnecessary federal requirements and red tape; and

WHEREAS, The state and local governments which participate in grant in aid programs are becoming more and more subject to federal encroachment on their individual sovereignty due to the federal controls, restrictions and regulations incident to such participation, and the federal government is interfering to an unwarranted and undesirable extent in purely State and local matters and is also compelling the states to expand their revenue unwisely and uneconomically; and

WHEREAS, The time has come for the states to seriously review the federal grant in aid programs to determine whether such programs are more harmful than beneficial, and in line with this policy, it is the sentiment of this General Assembly that the state and local governments can more efficiently and economically expend the taxpayers funds than can the federal government through the grant in aid programs; therefore, be it

Resolved, By the Senate of the Seventieth General Assembly of the State of Illinois, the House of Representatives concurring herein, that this General Assembly respectfully request the Senate and House of Representatives of the United States to: (a) seriously review and reassess all present grant in aid programs for the purpose of reducing the costs of such programs and the federal controls incident to such programs, (b) refrain from enacting new grant in aid programs in the future unless such programs are an actual necessity and the desired results cannot be obtained through state and locally financed and controlled programs, and (c) to reduce federal control over all present and future programs for the purpose of permitting state and local governments to exercise their sovereignty and minimizing federal encroachment on states rights; and be it further

Resolved, That a suitable copy of this preamble and resolution be forwarded by the Secretary of State to each member from Illinois in the Senate and House of Representatives of the United States.

Adopted by the Senate, May 1, 1957.

EDWARD E. FERNANDES, *Secretary of the Senate.*

The foregoing message from the Senate, reporting Senate Joint Resolution No. 23, was ordered to lie on the Speaker's table.

DEATH RESOLUTIONS

The House proceeding on the order of death resolutions, Messrs. McAvoy, Sandquist, Brock, Stastny, Ruddy, Brydia, Harry J. Smith, Jack E. Walker, Richton, Gardner, Schneider and Morgensen offered the following resolution and moved its adoption:

HOUSE RESOLUTION No. 74

WHEREAS, The threat of Communism, which transcends all other problems confronting this nation, is the major concern of every patriotic American today. With its godless goal of world conquest and the destruction of Christianity, Communism presents the most formidable threat that has ever confronted the United States; and

WHEREAS, Fearing the power of the United States and the deep patriotism of its people, the Kremlin is constantly attempting to infiltrate our every way of life and to establish a network of traitors throughout the United States, not only to sabotage and weaken our resistance in the event of war, but also to subvert and overthrow our great form of government in order to accomplish their mission of world domination; and

WHEREAS, The Honorable Joseph R. McCarthy, the United States Senator from Wisconsin, through his courageous activities exposed this subversive plot. As a result, he was persecuted unmercifully for his patriotic efforts and became the target of the world Communism movement and the left wing segment of the press in America. Even those elected to high office in our government turned their backs on him in order to find favor with the left wing press and for political gain; and

WHEREAS, His gallant and continuous fight under the terrific pressures he was compelled to endure eventually weakened the strength of this great patriot, and was in no small measure responsible for his untimely passing from this life; and

WHEREAS, If a poll were conducted in America to name the Senate members of the past or present who contributed the greatest patriotic public service to their country, Senator McCarthy would receive highest honors and greatest recognition by an overwhelming plurality; and

WHEREAS, The name of Senator McCarthy will live through the ages of American history for his courageous investigation of Communistic activities in the United States and the great service rendered by him in exposing this dangerous threat to the people of the United States; therefore, be it

Resolved, By the House of Representatives of the Seventieth General Assembly of the State of Illinois, that we express our deep sorrow and regret caused by the

death of the Honorable Joseph R. McCarthy; that we extend our sincere sorrow and sympathy to Mrs. McCarthy; and that a suitable copy of this preamble and resolution be forwarded to Mrs. McCarthy and to the President pro tempore of the United States Senate.

And the resolution was adopted.

At the hour of 6:35 o'clock p.m., Mr. Lewis moved that the House do now adjourn.

The motion prevailed.

And the House stood adjourned.

Such deductions shall be made at the times such payments of salary are payable and shall be continued while such present employee shall be in the service.

Concurrently with each such deduction from the salary of any present employee, the city shall contribute a sum equal to nine and five-sevenths ($9\frac{5}{7}\%$) per cent of each payment of the salary of such present employee. In case it shall not be possible or practicable for the city to make any such contributions at the same time that any such deduction shall be made, the city shall make such contribution as soon as possible and practicable thereafter, with interest thereon to the time it shall be made.

Each deduction from the salary of any present employee for age and service annuity purposes, made prior to the date when the amount of age and service annuity to which such present employee shall have a right shall be fixed as stated in section 27 of this Act and each corresponding contribution by the city for such annuity purposes shall be allocated to the account of and credited to the present employee for whose benefit it is made, and shall be improved to the credit of such present employee by interest during the time such present employee shall be in the service until the amount of such age and service annuity shall be fixed. WHEREAS, Many witnesses appearing before the Commission on the Aging and Aged as well as extensive independent investigation by the commission has confirmed the fact that general hiring practices in all branches of business and industry strongly favor the worker under 45 years of age; and

WHEREAS, Such hiring practices are unnecessarily discriminatory against workers from 45 to 65 years of age; and

WHEREAS, The number of people over 45 years of age has greatly increased in this country since 1920 thus posing a sociological and economic problem in this State because of the prejudice against hiring such persons because of their age; and

WHEREAS, Statistics compiled by State and Federal agencies show that workers over the age 45 are more highly skilled than younger workers, tend to change jobs less often, are less accident prone than workers under 45, have a lower rate of job absenteeism and show a rate of production somewhat higher than the younger age group of workers; therefore, be it

Resolved, By the Senate of the Seventieth General Assembly of the State of Illinois, the House of Representatives concurring herein, that the Department of Labor and other appropriate agencies of the State of Illinois, in cooperation with labor and business organizations, be requested to undertake a State-wide campaign to educate business and labor leaders on the advantages of hiring persons in the 45 to 65 year age group; and be it further

Resolved, That this education campaign should be planned with a view to accomplishing the following objectives:

(1) Encourage business and industry leaders to hire on the basis of merit rather than on the basis of age;

(2) Organize discussions on the hiring of older persons at meetings, conventions and in plant conferences;

(3) Circulate the statistics compiled by the Department of Labor of this State which show the advantages to be gained from hiring the older worker;

(4) Encourage private business and industrial firms to set aside certain kinds of jobs which can readily be performed by workers in the 45 to 65 year age group and urge such firms to employ such older workers from outside the plant or business organizations; and be it further

Resolved, That copies of this resolution be sent by the Secretary of State to the Illinois Department of Labor, the Illinois Chamber of Commerce, the Illinois A.F.L.-C.I.O. and the Illinois Manufacturers Association.

Resolved, By the Senate of the Seventieth General Assembly of the State of Illinois, the House of Representatives concurring herein, that to enable older workers to remain gainfully employed so long as they are willing and able, compulsory retirement ages in private industry and government should be eliminated and that flexible retirement plans should be established based on the ability and desire of the older worker to remain employed, and that copies of this resolution be sent by the Secretary of State to the Illinois Chamber of Commerce, the Illinois A.F.L.-C.I.O. and the Illinois Manufacturers Association.

EDWARD E. FERNANDES, *Secretary of the Senate.*

The foregoing message from the Senate, reporting Senate Joint Resolution No. 31, was ordered to lie on the Speaker's table.

A message from the Senate by Mr. Fernandes, Secretary:

Mr. Speaker—I am directed to inform the House of Representatives that the Senate has concurred with the House in the adoption of the following preamble and joint resolution, to-wit:

HOUSE JOINT RESOLUTION No. 20

WHEREAS, In recent years, through the efforts of certain national groups, there has developed a strong movement to have the federal government step into or invade the education field, particularly in the area of school construction, on the pretext that the state and local authorities are unable to cope with the school problem, whereas the real reason, therefor, is to remove the whole field of education from the supervision, operation and control of the people of the local communities; and

WHEREAS, Any such movement is objectional upon several grounds among which are:

(a) High standards of learning in schools can be better accomplished by dependence on and control by the states and individual communities thereof;

(b) Federal financing eventually means Federal control and supervision;

(c) No state has demonstrated or claimed its inability to meet its school building responsibility;

(d) Indebtedness of the Federal government far exceeds that of the states and many states have no deficit whatsoever;

(e) No income, except customs, is available to the Federal government that is not available to the states;

(f) Federal aid does not lessen the cost of construction but adds a further cost of administration to the school construction program;

(g) The United States Office of Education's report (Figures on School Construction and School Enrollment) clearly shows that during the past ten years classroom construction has far exceeded increased enrollment needs;

(h) The school districts in the State of Illinois have spent over \$500,000,000 for new schools since the end of World War II and plans for additional amounts are well advanced. The intrusion of the Federal government could have a retarding influence on our present statewide accelerated school program.

WHEREAS, The Education Committee of the Commission on Intergovernmental Relations has said:

1. "The American people have built up, over the last century and a half, the greatest school system in the world under state and local responsibility. The public educational system has shown tremendous and consistent progress and proven flexible enough to meet new and greater challenges. We believe that it will continue to do so."

2. "We have not been able to find a state which cannot afford to make more money available to its schools or which is economically unable to support an adequate school system. Federal aid is not necessary either for current operating expenses for public schools or for capital expenditures for school facilities (buildings and classrooms)." (Federal Responsibility in the Field of Education—June 1955); therefore, be it

Resolved, By the House of Representatives of the Seventieth General Assembly of the State of Illinois, the Senate concurring herein:

Section 1. That the Congress of the United States be, and it is hereby memorialized to reject any and all efforts to obtain passage of any additional legislation by the terms of which money would be appropriated and made available to the states through grants-in-aid or otherwise for construction of schools and that the matter of school construction continue to be a responsibility of the several states and individual school districts thereof.

Section 2. That the Congress of the United States be, and it is hereby memorialized to cause a survey to be made of the over 285 programs in the field of education now being financed in whole or in part by the Federal government and administered by approximately 200 different agencies to determine:

- (a) Savings that could be made by a more efficient administration, and
- (b) Programs which should more properly be a responsibility of the states and school districts thereof.

Section 3. That a copy of this resolution be sent by the Secretary of State to the following:

1. The Honorable Dwight D. Eisenhower, President.
2. Marion B. Folsom, Secretary of Health, Education and Welfare.
3. All representatives in the United States Senate and House of Representatives.
4. The governors of all other states of these United States.

Concurred in by the Senate, May 9, 1957.

An additional annuity consisting of (a) an amount equal to the actuarial equivalent of the accumulated contributions of the member at the time of retirement representing service rendered prior to July 1, 1947, plus (b) an amount equal to the actuarial equivalent of a sum representing one and four-tenths (1.4) times the accumulated contributions of the member covering service rendered subsequent to June 30, 1947; provided that any service rendered after the attainment by a member of the age of 70 years shall not be considered in the computation of this additional annuity; and provided further, that this additional annuity when added to the amount available under paragraphs 1 and 3 of this section shall not exceed three-fifths ($\frac{3}{5}$) of the maximum salary upon which contributions may be payable under this Article; and

3. If he has a prior service certificate in effect, a pension equal to twice the annuity which would have been provided under paragraph 2 of this section on account of contributions which would have been made during the period of prior service creditable to the member had the system been in operation and the member contributed hereunder at the rate in force prior to July 1, 1947; but in no event shall such amount exceed an amount sufficient to make the total retirement allowance payable to any teacher equal to three-fifths ($\frac{3}{5}$) of the maximum salary upon which contributions may be payable under this Article.

4. Until July 1, 1952, such additional pension as may be needed to raise the total of allowances provided under paragraphs 1, 2 and 3 of this section to \$400 a year for any teacher retiring after 25 years of creditable service.

5. Any member having attained an age of at least 55 years and having completed at least 20 years of creditable service, shall receive the larger of (a) the total age retirement allowance provided under paragraphs 1, 2, 3 and 4 of this section or (b) the retirement allowance derived from the application of the following formula: If such member is 60 years of age or over, the retirement allowance shall be one and one-half per cent of the average salary for the highest five consecutive years within the last ten years of creditable service, as determined by the rules of the Board, for each year of service creditable to such member, plus the sum of one hundred fifty dollars (\$150.00). A fractional year shall be granted proportional credit under such formula. [If the age of a retiring member shall be less than 60 years, the retirement allowance as computed under the above formula shall be reduced in the ratio of the value of a life annuity of \$1.00 per year at age of 60 to the value of a life annuity of \$1.00 per year at the actual age of retirement of the member, according to the actuarial table in use by the system.] *Effective with the retirement of any member occurring on or after July 1, 1957, upon retirement below age 60 to a minimum age of 55 years, the retirement allowance shall be reduced for each month that the age of the member is less than 60 years, at the following rates: upon retirement through June 30, 1960, $\frac{1}{4}$ of 1%; upon retirement from July 1, 1960 through June 30, 1963, $\frac{3}{8}$ of 1%; and upon retirement from and after July 1, 1963, $\frac{1}{2}$ of 1%. In any case in which the said average salary per year is less than twenty-four hundred dollars (\$2400), the minimum average salary for the purposes of this retirement allowance shall be deemed to be twenty-four hundred dollars (\$2400) per year. In no event, however, shall the annuity under this provision be computed upon a number in excess of forty-five years of creditable service. The annuity provided in this paragraph shall be available only to members who render teaching service after July 1, 1947 for which contributions are required of them, and to beneficiaries who re-enter service as provided in Section 25-52 and meet the conditions therein prescribed."*

And the amendment was adopted.

HOUSE JOINT RESOLUTION No. 42

WHEREAS, The rehabilitation of a person who has been imprisoned for the commission of a crime requires that such person be entitled to obtain employment in order to properly provide for his needs; and

WHEREAS, A person who has been imprisoned and has served his punishment should not be further punished upon his release by denying to him, for the remainder of his life, an opportunity to accept employment with this State or with any agency or instrumentality thereof; and

WHEREAS, In considering a person for employment with this State or with any agency or instrumentality thereof, the fact of such person's previous conviction of a crime should not of itself constitute a bar to such employment. If this person has shown that, after satisfying the punishment imposed on him, he has returned to society and has taken his place in his community as a proper citizen, his previous conviction should not prevent him from obtaining employment; therefore, be it

Resolved, By the House of Representatives of the Seventieth General Assembly of the State of Illinois, the Senate concurring herein, that it is the sentiment of

this General Assembly that persons, who, after serving a penalty for the commission of a crime, have for a period of at least 10 years shown by their actions that they are qualified and willing to accept a position of responsibility in society, should not be denied employment with this State or with any county, city, town, municipal corporation, agency or political subdivision of this State; that we respectfully request the Governor to urge the heads of all State departments to accept such person for employment; that the officials of all counties, cities, towns and other municipal corporations or political subdivisions of this State be requested to accept such persons for employment; that in written applications for such employment, questions concerning the applicant's conviction of crime be limited to the 10 year period preceding the date of such application; and that a suitable copy of this preamble and resolution be forwarded to the Governor, the Honorable William G. VETOES

May 21, 1957

To the Honorable, the Members of the House of Representatives, Seventieth General Assembly:

I return herewith, without my approval House Bill No. 45, entitled, "An Act requiring compensation from parents whose children wilfully or maliciously damage or destroy property."

I veto and withhold my approval from this Bill for the following reasons:

This bill would make parents liable for damage to property wilfully or maliciously damaged by the children. This would establish a rule contrary to the basic law of Illinois and of most Anglo-Saxon jurisdictions. Because of the serious departure of this bill from existing concepts of liability, I have requested the opinion of the Attorney General. His observations in part are as follows:

"Liability on the part of a parent for the unlawful acts of his child has long since been recognized in this state when the child acts at the parent's command or in the furtherance of the parent's business or is in some way aided or abetted by the parent in the commission of such unlawful act. In such situations, which would also come within the terms of this Act, presuming the elements of wilfulness and malice are established, liability would be limited by the Act.

"The liability created by House Bill 45 is for malicious or wilfull damage or destruction of property—it does not include personal injury.

"The bill would impose liability on the parent regardless of fault or negligence upon his part. Such concept of liability without fault, especially when predicated solely upon family relationship, may well be regarded as lacking in that element of natural justice embodied in the due process traditionally regarded as an indispensable part of our constitutional system of jurisprudence. Consequently, apart from consideration of discriminatory classification resulting from the limitation of the liability to property damage only, the bill is subject to the possible objection that it offends the due process clauses of the State and Federal constitutions."

These remarks of the Attorney General make it clear that there would be a considerable doubt of the constitutionality of this Bill for it to become law.

For the foregoing reasons, I veto and withhold my approval of this Bill.

Respectfully submitted,

WILLIAM G. STRATTON, Governor.

The foregoing message from the Governor, transmitting veto to House Bill No. 45, having been received in the office of the Clerk of the House on Tuesday, May 21, 1957, at 6:00 o'clock p.m., was read by the clerk and ordered placed on file.

May 21, 1957

To the Honorable, the Members of the House of Representatives, Seventieth General Assembly:

I return herewith, without my approval, House Bill No. 87, entitled, "An Act to amend Section 96 of 'The Probate Act', approved July 24, 1939, as amended."

I veto and withhold my approval from this Bill for the following reasons.

This Bill would make it possible for a non-resident of the State of Illinois who is, however, a resident of the United States to nominate an administrator in the State of Illinois.

For many years the right to administer on estates when no blood relative of the decedent resides within the State has been in the Public Administrator of the county. This would abolish the prerogatives of the latter officer when any relative lives within the United States and would, I am advised, deprive that officer of the most important part of his income.

In the larger counties of this State, particularly in Cook County, it is necessary for the Public Administrator to establish an office of considerable size. This means the renting of space and the employment of legal and stenographic help. This he is required to do before he receives or is entitled to receive any fees from estates which he handles.

In ordinary instances it has been the practice, I am advised, for the Administrator to run from fifteen to eighteen months before receiving enough income to pay current expenses, and then he must wipe out the debt which he contracted in the early months and which was necessary to keep the office running.

The better estates which come into the hands of the Public Administrator are those of which he would be deprived by this Bill. He therefore would be compelled to set up an office, which in the larger counties is an expensive project, and carry the load himself with the prospect not too good that he could ever carry that overhead and make any net income.

The result would be that eventually the State would be compelled, in order to supply the necessary services in estates that still remain within the area of the Public Administrator, to make appropriations to pay a salary to the Administrator, and his attorney and also to carry the overhead, which, as I have said, in some counties is very considerable. From what has been said, it is apparent that this would be a losing venture for the taxpayers of the State.

Another objection to this Bill is that the power to nominate given to non-residents of this State would in some instances reduce the supervisory power of the Probate and County Courts over those who administer the estates. The person named by the non-resident might ostensibly be a resident of this State but actually spend most of his time outside it.

A third objection is that in many of the estates over which the Public Administrator now has jurisdiction, there is a doubt as to the heirship. Under this Bill, one who alleges himself to be an heir or relative may file a petition, get a friendly administrator and there would be no *bona fide* contest as to the heirship. This may occasionally happen now, but the history has been that the Public Administrator sedulously scrutinizes all proofs of heirship.

I am also influenced by the fact that some years ago the Governor of this State was a man who had been Probate Judge of Cook County for many years. He knew the problems of administration in Illinois. He knew that proposals had been made as early as 1921 to pass bills such as the one here presented. During his eight years as Governor his party was generally the majority in the General Assembly. Nevertheless, this Governor with his vast experience as Probate Judge did not recommend this type of legislation.

For the reasons stated, I veto and withhold my approval of House Bill No. 87.

Respectfully submitted,

WILLIAM G. STRATTON, Governor.

The foregoing message from the Governor, transmitting veto to House Bill No. 87, having been received in the office of the clerk of the House on Tuesday, May 21, 1957, at 6:00 o'clock p.m., was read by the clerk and ordered placed on file.

Mr. McCarthy submitted the following written motion, which was read by the clerk:

"I move that House Bill No. 87 do pass, the veto of the Governor to the contrary notwithstanding."

By unanimous consent, further consideration of the foregoing motion with reference to House Bill No. 87 was postponed, and made a special order of business on Tuesday, May 28, 1957, at 11:00 o'clock a.m.

Mr. Burhans moved that House Bill No. 45 do pass, the veto of the Governor to the contrary notwithstanding.

By unanimous consent, further consideration of the foregoing motion with reference to House Bill No. 45 was postponed and made a special order of business on Tuesday, May 28, 1957, at 12:00 o'clock noon.

GENERAL RESOLUTIONS

The House proceeding on the order of general resolution, Messrs. Harbeck, Grandfield, Rogers, Carroll and Stastny offered the following resolution and, having asked and obtained unanimous consent to suspend the rules for its immediate consideration, moved its adoption:

HOUSE RESOLUTION NO. 83

WHEREAS, SP/3 William S. Girard, a member of the United States Army from Ottawa, Illinois, stationed in Japan, has been indicted by a Japanese Court on a charge of manslaughter arising from the death of a Japanese citizen, who died as a result of injuries sustained on the firing range of a United States Army camp in Japan; and

WHEREAS, Under the terms of a status of forces treaty, which gives a foreign government the right to bring to trial American military personnel for criminal offenses committed against nationals of the country where they are stationed, the Japanese government has demanded that SP/3 Girard be surrendered to the Japanese Courts for trial; and

WHEREAS, The status of forces treaties generally specify that American military personnel are to be subject to foreign jurisdiction only when they are charged with offenses committed while off duty or while away from their military stations; and

WHEREAS, SP/3 William Girard has been indicted by the Japanese government for the death of a Japanese citizen while she was trespassing on a United States Army military reservation and while she was engaged in activities prohibited by the United States Army; and

WHEREAS, At the time of the incident which resulted in the death of the Japanese citizen, SP/3 Girard was performing his duties as a sentry of the United States Army; and

WHEREAS, To surrender SP/3 William Girard to the Japanese Courts, in view of the circumstances of this case, will result in the denial to this American serviceman of the protection and rights guaranteed to all American citizens by the Constitution and laws of the United States—the rights and privileges which this man is sworn to defend as a member of the United States Army. Furthermore, because of the animosity and prejudices existing against members of our Armed Forces in foreign countries, it is highly improbable that SP/3 Girard would receive a fair and impartial trial in the Japanese Courts; and

WHEREAS, If the circumstances warrant a trial, SP/3 Girard should be tried by an American tribunal which will guarantee to him all the constitutional rights and privileges to which he is entitled as an American citizen; therefore, be it

Resolved, By the House of Representatives of the Seventieth General Assembly of the State of Illinois, that we protest and condemn any action which will yield to the demands of the Japanese government and which would surrender SP/3 William Girard to the jurisdiction of the Japanese Courts; that we condemn and urge the abrogation or modification of any status of forces treaty which subjects American servicemen to foreign jurisdiction and thereby deprives them of the rights and privileges guaranteed to them by the Constitution and laws of the United States; that we respectfully request the Secretary of State, Mr. John F. Dulles, and the Secretary of Defense, Mr. Charles Wilson, to take such action as will prevent such a travesty of justice from being perpetrated upon an American serviceman; and that a suitable copy of this preamble and resolution be forwarded by the Secretary of State to Mr. Dulles and to Mr. Wilson.

And the resolution was adopted.

Messrs. McDevitt and Welsh offered the following resolution and, having asked and obtained unanimous consent to suspend the rules for its immediate consideration, moved its adoption:

HOUSE RESOLUTION No. 84

WHEREAS, The health and welfare of the children of this State are of primary concern to every member of this House; and

WHEREAS, The care of children begins even before the birth of the child and requires proper care and treatment of the mother, and adequate instruction to the parents in preparing for the birth of the child and in caring for the child after he is born; and

WHEREAS, A wholesome and stable family life, wherein is reflected the love and respect of the members of the family for one another, creates in the child a feeling of security which is necessary to his proper growth and development; and

WHEREAS, Daily attention and vigilance to a child's physical, spiritual, mental and emotional life must be maintained in order that the child may grow and develop into a healthy, well-adjusted and mature individual; and

WHEREAS, It is desirable that at least one day each year be dedicated to emphasizing the importance of the care and welfare of children; therefore, be it

Resolved, By the House of Representatives of the State of Illinois, that we respectfully request the Governor to proclaim the last Monday of June of every year as "Maternal and Infant Care Day", as a day on which to emphasize and give special consideration to the physical, spiritual, emotional and mental development and growth of children; that we urge not only parents, but all of the people of this State, to appropriately observe this day; and that a suitable copy of this preamble and resolution be forwarded to the Governor, the Honorable William G. Stratton.

And the resolution was adopted.

By unanimous consent, on motion of Mr. Clabaugh, the rules were suspended for the purpose of having Senate Bill No. 386 considered in the Committee on Education today, without notice of the hearing on said bill having been posted in accordance with the rules.

By unanimous consent, on motion of Mr. Willett, the rules were suspended for the purpose of having House Bill No. 1034 considered in the Committee on Municipalities today, without notice of the hearing on said bill having been posted in accordance with the rules.

At the hour of 2:35 o'clock p.m., Mr. Lewis moved that the House do now adjourn until 9:30 o'clock a.m. tomorrow.

GENERAL RESOLUTIONS

The House proceeding on the order of general resolutions, Mr. Neistein offered the following resolution, which was referred to the Executive Committee:

HOUSE RESOLUTION No. 85

WHEREAS, It has been indicated that Illinois Beach State Park, which is located approximately 10 miles from the State of Wisconsin, will be transformed in the next few years into one of this State's finest recreation centers, at an estimated cost of over \$2,600,000; therefore, be it

Resolved, By the House of Representatives of the Seventieth General Assembly of the State of Illinois, that there is created a committee consisting of 5 members of the House of Representatives to be appointed by the Speaker. The committee shall study the proposed expenditure of \$2,600,000 to be used for the remodeling and construction at North Beach State Park, and in particular shall determine the practicability and feasibility of expending the State revenue on the improvement of a facility which appears to be more of a benefit to the residents of the State of Wisconsin than it will be to the taxpayers of this State. The committee shall also study whether it would be more advisable to make this expenditure for the im-

provement of a recreational facility which is more centrally located and which will be available to a larger number of residents of this State.

The expenses of the Committee shall, upon approval of the Speaker, be paid from the appropriation made for the expenses of Committees of the House of Representatives of the Seventieth General Assembly.

The committee shall report its findings and recommendations to the Seventieth General Assembly, before June 30, 1957.

In the 1955 redistricting, the remaining one hundred and one counties of the state shall have twenty-nine of the representative districts. In redistricting subsequent to the 1960 census, and thereafter, the fifty-nine representative districts shall be divided among (1) that part of Cook County that is within the present corporate limits of the City of Chicago, (2) that part of Cook County that is outside such corporate limits, and (3) the remaining one hundred and one counties of the state, as nearly as may be, as the population of each of these three divisions bears to the total population of the state.

Representative districts shall be formed of contiguous and compact territory, and shall contain, as nearly as practicable, a population equal to the representative ratio; outside of Cook County, such districts shall be bounded by county lines unless the population of any county entitles it to more than one representative district. The representative ratio for the entire state shall be the quotient obtained by dividing the population of the state by fifty-nine. No representative district may contain less population than four-fifths of the representative ratio.

Three representatives shall be elected in each representative district in 1960 and very four years thereafter. The term of office shall be four years. In all elections of representatives, each qualified voter may cast as many votes for one candidate as there are representatives to be elected, or may distribute the same, or equal parts thereof, among the candidates as he shall see fit; and the candidates highest in votes shall be declared elected."

The court may enforce compliance with its order by proceedings for contempt. If ever there is in existence any municipality in which the Bureau of the Census did not determine the population when the last preceding decennial census was taken, the county board of the county in which such municipality is located may, at county expense, arrange with the Bureau of the Census to take a special census in such municipality."
